- Industry/Delegates: ₹1,500/-

*Plus GST & Other Applicable Charges/Platform Fees

Registrations are Individual/Per head count

Note:Registration Opens on 18th March, 2026

Registration Closes On 11th April, 2026

About Belagavi

Belagavi, often regarded as the second capital of Karnataka, is a vibrant educational, industrial, and cultural hub in North Karnataka. Popularly known as “Kunda Nagari” for its famous sweet Kunda, the city is also recognized as one of India’s major foundry hubs supporting engineering and manufacturing industries. Belagavi holds political importance as it hosts the winter session of the Karnataka Legislative Assembly at the Suvarna Vidhana Soudha. The region has a proud legacy in India’s freedom movement, led by the courageous Kittur Rani Chennamma. With three universities, two medical colleges, and eight engineering colleges, Belagavi has emerged as a significant centre for higher education, research, and innovation.

How to Reach:

The campus of Visvesvaraya Technological University in Belagavi is well connected by rail, road, and air. Belagavi Railway Station (~12 km) and Belagavi Airport (~18 km) provide convenient access with taxis and cabs available to reach the campus. The Belagavi Central Bus Stand (~10 km) offers regular KSRTC and NWKRTC bus services to major cities. The campus is also located near NH-48 (Pune-Bengaluru Highway, ~2 km), while Hubballi Airport (~100 km) and Goa International Airport (~130 km) serve as additional travel options for distant and international travelers.

Guidelines for submission of poster presentation

Team Size:

- Each team must consist of (1- 2 members).

Submission Guidelines:

- Participants must submit a 1-page abstract of their poster.
- The abstract must be relevant to the selected track

Evaluation Process:

- All submitted abstracts will be reviewed by experts.
- A blind review process will be followed for fair evaluation.
- AI & Plagiarism checks will be conducted for all submissions.
- Authors of the selected abstracts will be notified through an official acceptance letter sent to their registered email ID.

Judging Criteria:

- Novelty of the work
- Quality of research and presentation
- Technical Quality

Guidelines for QUBIT-THON

Idea Pitching Round

Team Size:

- Each team must consist of (2-4 members)

Presentation Format:

- Teams must prepare and deliver a PowerPoint (PPT) presentation
- Team leader has to submit the PPT
- A review process will be followed for fair evaluation.
- The team leader will receive the official acceptance letter via the registered email ID

Evaluation Focus:

- Innovative approaches and creative solutions
- New idea pitching
- Relevance to the given problem statement

Note : Best Poster and Idea will be awarded

Who Can Participate?

Undergraduate Students:

B.Tech./B.E./BCA/B.Sc.

Postgraduate Students:

M.Tech./MCA/M.Sc.

Research Scholars:

Ph.D. in Engineering/Ph.D. in Science

Deadline for Both the Submissions:

06TH April, 2026
